

BIGHANNA[™] composter

ON-SITE COMPOSTING WITH BIG HANNA, INTRODUCING CIRCULAR ECONOMY SINCE 1991

- ✓ Food waste is turned into an asset – compost.
- ✓ Suitable for densely populated areas with our unique biofilter.
- ✓ No transportation of food waste, savings on collection fees and zero emissions.
- ✓ Our 'Natural process' gives you the best, most mature compost.
- ✓ Compost recovers depleted soils.
- ✓ No need for chemical fertilizers.
- ✓ Machine's life span – more than 20 years.
- ✓ Machine's end of life – 99% recyclable.
- ✓ The original since 1991, installed in more than 35 countries.
- ✓ Earn credits in LEED and BREEAM.

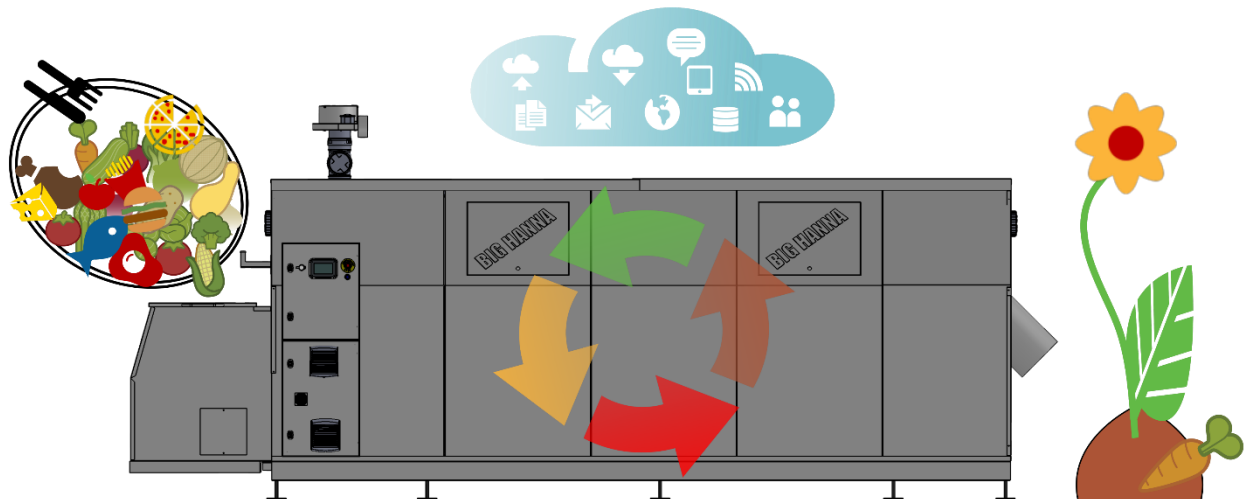

*Composting is
Nature's own
recycling program,
a very efficient one!*

Product range:
T40 to T480
75 - 2 400 kg/week
Neter12 to Neter36
1 200 - 10 800 kg/week

Big Hanna composts at:
Municipalities, schools,
restaurants, canteens,
housing areas, prisons,
and high security sites.

Connect to Big Hanna
from your phone,
computer or tablet.

100 kg food waste becomes 20-30 kg peat free, high-grade compost
